SPICE DIVISION

INNOVATION, CONCEPTUALISATION, IMPLEMENTATION

BTE blends its own range of spices including:

- Functional Batch Packs for Food Processing Companies
- Concentrated Flavourings for Meat Products
- Seasonings and Flavours
- Customer specific spice blends
- Market leading brines for Bacon, Ham and Poultry

We have a highly qualified and experienced product development team, who, working together with our Sales and Marketing develop unique, cost effective products suitable for the relevant market. Their technical expertise allows them access to the latest technology, as well knowledge and adherence to all legislative requirements.

BTE Spices are blended in a HACCP certified facility, which includes a fully equipped laboratory with qualified Food Technologists who ensure food safety and consistency.
